## General introduction

The YAR (Youth Against Racism) project is designed to prevent racism, xenophobia and other forms of intolerance among the young generations in Europe (13-25 years) thanks to the implementation of a Model inspired by the Community of Sant'Egidio, founded on the active participation of young people and on voluntary activities with migrants and refugees.

The YAR project is implemented in Belgium, Hungary and Italy, and will involve young people in voluntary activities in close contact with migrants and refugees.

YAR is a project funded by the European Union's Rights, Equality and Citizenship Programme (2014-2020) -[Grant Agreement Number 848480-YAR-REC-AG-2018/REC-RRAC-RACI-AG-2018].

To raise awareness among young people in a more engaging way, a contest has been created which is aimed at young people from schools in 28 countries in Europe. The winning school (s) will be able to participate in the final Yar conference, where they will be able to present their paper.
